

Announcing Sage Timeslips Premium October service release

This notice is sent as a benefit of your subscription to Sage Timeslips and announces the availability of Sage Timeslips Premium October 2020. **Note:** If you are not the person who downloads and installs software updates, please forward this notice to the correct person in your company.

What's New for the Update

Highlights of the Sage Timeslips Premium October 2020 product update include:

- eCenter ClientAccess Administration
- Show eCenter Information in Timeslips Navigators
- New eCenter fields for User-Defined Client Listings
- New Report: Aged WIP with Contact Info
- New WIP fields for User-Defined Client Listing

This latest release also includes resolution to issues reported, which will improve performance and your overall Sage Timeslips experience. More information about this release can be found in the [Sage Timeslips Release Notes](#).

How to Download the Update

Important: If you use third-party products that integrate with your Sage product, check with the vendor of your third-party product to ensure their product is fully compatible with this release. If you integrate with other Sage products, check with your business partner or Sage to ensure that their components are compatible.

Download the software from the Sage Knowledgebase: [Download Sage Timeslips Premium](#)
